Broker Information Line

NVAR has a special benefit for its members, a Legal Information Line (LIL) for both REALTOR® agents and brokers. The Broker Information Line is exclusively for brokers. NVAR attorneys will answer questions on a variety of real estate-related topics, including contracts, escrow, agency and more. NVAR attorneys also write legal articles and FAQs.

The attorneys can give member brokers information about laws, regulations and rules that apply to the member's situation or issue and discuss with the member how the law, regulation or rule applies to them. LIL attorneys do not give legal advice. Their function is to inform members so the members can make their own informed decision.

The Broker Information Line is operated from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays. Calls are generally returned within one business day. Keep in mind if the attorneys are out of the office, or if a matter requires additional research, the call will be returned as soon as possible. NVAR always encourages agents and their brokers to discuss important issues. Brokers can inquire with additional questions on the topics discussed with agents or call to ask separate questions.
