

LeadershipNVAR kicks off class project

School supply drive will benefit Boys and Girls Clubs across Nevada

LeadershipNVAR's Class of 2017 is working on the group's annual class project. Class members are setting their sights high too, planning a school supply drive to benefit boys and girls clubs across the Silver State.

The current class of 15 features members from Las Vegas to Minden and Reno to Elko. REALTORS® have a rich history of giving back in their communities and LeadershipNVAR continues to promote that ideal. Following in the footsteps of last year's class, the 2017 class will support a project that again benefits Boys and Girls Clubs (BGCA), the signature charity of the National Association of REALTORS®.

"This drive is a big challenge to our leadership class and our REALTOR® friends across the state," said Las Vegas REALTOR® Stephanie Dibbs, a 2017 LeadershipNVAR class member and project leader. "It will be exciting too. Our class fully intends to get to work and promote the value of these donations. We want to bring many smiles to the children who thrive in these clubs and the staff that works tirelessly to help kids."

The school supply drive is looking to stockpile a wide array of items for Nevada's BGCA.

School supplies needed

- Backpacks, erasers, glue sticks, crayons, #2 pencils, folders, markers, 3-ring binders, spiral notebooks, notebooks and dictionaries.

Other supply needs

- Sun block, water bottles, chap-stick, sports equipment, books, lightly-used clothing, arts and craft supplies, yoga mats, socks, shoes, musical instruments, kitchen items, warm clothing and coats.

- Other items the clubs can never have too much of are tissue packs, sanitizing wipes and hand sanitizers.

All items donated will stay in the communities where they were donated. The deadline to drop off items is Monday, July 31. For questions, email: info@NVAR.org.
